

# Spark Tour of the School

## One of My Sparks Is

---

On the tour, keep track of the various places we visit, and the people there. List each place in the first column, and put a check beside it if that's a place where you could explore or develop the spark you named above. List the people who are there in the second column, and put a check beside them if one or more of them might make good members of your dream team (spark supporters).

Places we visited		People who could help	

**Write here one step that you will take at school to add a spark supporter to your own dream team.** (Ask to meet with someone, try a new club, attend a game, or talk with a teacher or coach.)
